

Art4Life™

**OPTIONAL - MEDIA RELEASE FORM**

*We love to showcase the great impact of our program and the important work care professionals and family caregivers do. It is our intention to present individuals in the best light possible. Sharing is optional!*

If residents, staff, and/or family members choose to share art images, photos, stories, names, diagnoses, videos, etc. related to the Art4Life program, all shall be used for awareness and educational purposes regarding the positive impact of therapeutic, expressive art programming.

It is understood that what is shared may be exhibited, reproduced, published (print or electronically), etc. There is no time limit on the validity of this release and any rights to royalties or other compensation are waived as the intent is to provide education of the positive impact of the arts in association with Alzheimer’s disease, dementias, mental, and other diagnoses.

I hereby release and consent this form to Tennessee Technological University and the Thriving4Life nonprofit organization as the entities providing the *Art4Life* project.
