

PROGRAMS • RESOURCES • EDUCATION • TRAINING • SERVICES

What are some of the benefits of our signature programs?

- ✓ Aging in Place – prolonging placement at home or in current care environment (reducing hospitalizations, need for acute care)
- ✓ Transition tool across care environments to decrease transition trauma
- ✓ Positive mood enhancement and social engagement
- ✓ Delirium reduction – our programs help individuals to remain “present” and in touch with their identity and environment
- ✓ Pain reduction and pain perception reduced (including post-surgery)
- ✓ Calmer and supportive environment
- ✓ Enhanced communication (verbal & non-verbal)
- ✓ Vocational rehab implications with the IDD population
- ✓ Greater participation in activities and therapies (OT, PT & Speech) with enhanced outcomes
- ✓ Relationships among care staff, participants, and family deepen, less stressful
- ✓ Family and professional caregiver confidence improves and caregiver stress decreases
- ✓ Improved self-feeding and nutrition with less choking behaviors and enhanced swallowing
- ✓ At-home family caregivers and care professionals regain valuable time
- ✓ Family caregiver respite
